

TRAILS OF HEARTS

SUPPLIES:

8 X 12 inch plate (Colorobia MHC660 or similar)
CN04 Really Red
CN341 Light Pink
CN342 Bright Pink
CN343 Dark Pink
CN291 Light Purple
CN241 White
Clear food safe glaze
#6 Round brush
#1 liner
Flexible Ruler

TECHNIQUE:

Apply one coat of thinned pink to entire front of plate for background color, brushing across plate long ways. Let dry.

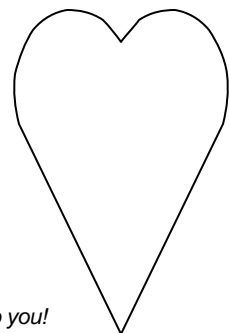

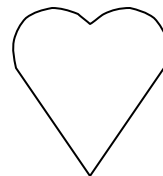

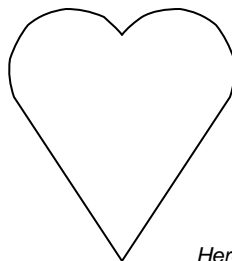

Using ruler and pencil make 5 "stripes" evenly across plate (these will be the rows as shown above). Be careful not to scrape off pink paint when making pencil mark. Using white and liner brush paint in thin line directly on top of pencil mark-2 or 3 coats.

Paint on hearts as desired (refer to picture) using bright and dark pink, red and light purple. Add brush handle dots and various design embellishments—use your imagination and have fun with it!

When dry apply food safe glaze either by brushing or dipping method as recommended by manufacturer.

Fire to cone 05-06

Enjoy!
